**2022 Community Services Block Grant  
Eula Hall Community Advocate Scholarship  
\$2,000**

**The Promise of Community Action:**

*Community Action changes people's lives,  
embodies the spirit of hope, improves communities,  
and makes America a better place to live.  
We care about the entire community,  
and we are dedicated to helping people  
help themselves and each other.*

During her life, Eula Hall was the personification of the Community Action Promise. Thousands of lives in our region have been changed for the better because of her unassailable spirit and indomitable will. For more than 35 years, she served on the Big Sandy Area Community Action Program Board of Directors and it is with gratitude that we name this scholarship in her honor.

Hall lived her life as an advocate for the workers, children, and families of the region. She served with the Volunteers in Service to America, the Appalachian Volunteers, the East Kentucky Worker's Rights Organization, and as president of the Kentucky Black Lung Association. She created the Mud Creek Water District, and in 1973, established the Mud Creek Clinic to serve uninsured and underinsured people. The Mud Creek Clinic, now known at the Eula Hall Health Center, offers general clinic care, pharmacy, dental care, optometry, mental health services, patient transportation, public benefits guidance, and a food pantry.

Hall said, "I love to be a part of my community. I love to be available to help people on anything I can, anything I know that's going to benefit them. And any program we can bring to the community, I love to do it. I like to be the person that does it. [...] You'd be surprised what you can make work."

She was a pioneer for health in eastern Kentucky and a staunch advocate for the poor. Through the years she picketed at coal mines for better treatment for the workers, pushed for laws to aid sufferers of black lung, raised thousands of dollars to bring medical services to her community, ensured that the people of Mud Creek have clean water to drink, and given money from her own pocket for food or medicine for people in need. She said, "A lot of times a good word is what somebody needs, a good word or a good deed. They need somebody. They need somebody to care."

The sacrifices she made throughout her life and the actions she made are an example to all of us who want to serve our communities and it was a privilege to serve alongside her.

Ms. Hall passed away in 2021, but her spirit lives on.

To the applicants of the scholarship, Hall said, "Learn to care for people and remember where you come from. Don't never forget your upbringing, who you are, and where you come from. It don't matter how far you go in life, when you look back, remember the people who are not as fortunate as you are."

Through this scholarship, we seek to honor the life and work of Eula Hall on behalf of the grateful people of eastern Kentucky and encourage the next generation of advocates to rise to the same heights.
